

Bahia, wall design Lucidi e Pevere 2010

FOSCARINI

Bahia is a wall lamp that is seductive and captivating, thanks to the special nature of its design and the innovative interplay of light and shade that it produces. Its appeal is the result of three overlapping planes that have a slightly asymmetrical profile and reciprocal placement. The first two house the light source, accompanying the light that flows over their concave surface and vanishes towards the edges. The third element completes the composition, silhouetted through backlight with a strong, contrasting design. Every ray that emanates from

Bahia is contained of light and shade, which make it both a lighting object and luminous decoration. Bahia is offered in total white, to underline its essential dramatic nature and its essence, without being ostentatious. It decorates a whole wall alone, with very little width, or can be used to create multiple compositions that are luminous archipelagos in both the home and the public spaces.

FOSCARINI

Description

Wall lamp with reflected and diffused light. Consisting of three matt white injection moulded polycarbonate egg-shaped plates fitted together asymmetrically. The largest plate works as the wall mounting plate, and the two central plates conceal the lighting technology part and electronic ballast.

Materials polycarbonate

Colors white

Model

Bahia

Weight

net kg: 3,40
gross kg: 4,50

Packaging

vol. m3: 0,111
n. boxes: 1

Bulbs

fluorescent 1x40W + 1x22W 2GX13 electronic ballast

Not dimmable

Certifications

Energy Class

A⁺ A

Brightness light

diffused light
