

**NAME /** Soho

**DESIGN /** Piero Lissoni + CRS Boffi

**DESCRIPTION /** suspended, modular units with no handle and pull-out doors. The thin glass or aluminium doors are applied directly to drawers giving a sense of formal lightness. The terminal panels, thick as doors, are applied directly to the carcass. Doors and tops available in different colours; glass is frosted tempered and varnished. Tops available in glass, Cristalplant®, stone, marble, granite and composite stone. The glass top has an integrated thermo-formed washbasin with an exclusive and minimalist design.

**TECHNICAL  
FEATURES /**

carcasses produced with 19 mm thick wood particle boards, waterproof (class W100), with low formaldehyde emission (class E1), treated with high performance melamine resin, in open-pore graphite oak or silk white finishes.

Unit Sizes: h. 300-470 mm, w. 300-450-600-900 mm, d. 475 mm.

Versions: pull-out under-washbasin unit or unit with heavy-duty drawer with internal drawer equipped with Domestici accessories – Legrabox drawers in matt black metal with soft closure device.

Doors and terminal panels made of 5 mm thick frosted, tempered glass, varnished in white, dove grey, coffee or made of 3 mm thick aluminium (dark, steel finishes).

10/12 mm thick tops in sanded glass (white, dove grey, coffee); 15 mm thick tops in Cristalplant®; 20 mm thick tops in stone, marble, granite or composite stone.
