

RILUMINATOR

PIETRO CHIESA
EDITION 2014

Floor lamp. Riluminator is the makeover of Luminator designed by Pietro Chiesa in 1932. Reworked in a plastic technopolymer produced with “rotation” technology, the body is cylindrical at the base, opening out as it rises to create a cone-shaped trunk that characterizes the design of the object, it houses and hides the LED light source. Riluminator is available in red, grey and white, to highlight the continuity and essentiality of unmistakable design.
