

**NAME /** Hide

**DESIGN /** Piero Lissoni + CRS Boffi / 2014

**DESCRIPTION /** each module of these tall units can be equipped with specific accessories of Hide series or with Programma Standard base units.

The doors can be opened one on top of the other, and then slide together using an auto-braking mechanism. Other opening system available: hinged, rotating and side recessing doors (sliding into the recesses on each side). These modules can be equipped with drawer units, shelves or compartments for electrical appliances.

In addition to kitchen tall units, there are new laundry modules with compartments for wash machines and dryer machines (of common brands), for folding ironing board, for brooms and a module with pull-out elements with detergent-holders and laundry baskets.

**TECHNICAL FEATURES /** melamine-coated carcasses in exclusive finish open-pore graphite oak and silk white. Doors available in Lasermat, Silcover, Ecolack (range colours); veneer wood (range species), thermo-treated acacia/core walnut Selection wood or polyester (range colours).
