

BONNET

ODO FIORAVANTI
2014

With its elegant sinuous shape, Bonnet is the new LED lamp that reworks the concept of indirect lighting. The top part conceals a small yet very powerful LED source whose ray of light is mainly directly upwards onto the wall and ceiling. The designer also wanted to play with the parasite light that is normally lost, recuperating it with a lens and directing it downwards. In this way, Bonnet not only lights itself up but also produces a downwards glow. Available in two finishings: polished aluminium and painted white. The white version can be coloured on site thanks to a special surface treatment that allows it to be painted. Patent Pending.

CODE	SIZE	LIGHT SOURCE
4248..	A: 30,7 × B: 14,3 × C: 10,2	LED COB 18W (2700 K, CRI 80, 2050 lm)

COLOUR	
BI	white (RAL 9010)
